### AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

#### Listing of Claims:

1. (withdrawn) A hard-surface cleaning composition for removing cooked-, baked-, or burnt-on food soil from cookware and tableware, the composition comprising an organic solvent system and a cyclodextrin malodor-control agent.
2. (currently amended) A method of removing cooked-, baked- or burnt-on soils from cookware and tableware comprising treating the cookware/tableware by spraying the cookware/tableware with a hard surface cleaning composition comprising:
  - a) a solvent system comprising:
    - i) an organoamine solvent selected from the group consisting of monoethanol amine, methylamine ethanol and 2-amino-2-methyl propanol;
    - ii) ~~[[a]] water-miscible organic solvent;~~ and
    - iii) ~~a limited water miscible organic solvent wherein the water miscible organic solvent is selected from the group consisting of: alcohols, glycols, esters, glycol ethers, terpenes and mixtures thereof~~ diethylene glycol monobutyl ether and propylene glycol butyl ether; and
  - b) ~~optionally,~~ a surfactant; and
  - c) cyclodextrin;wherein the composition has a liquid surface tension of less than 24.5 mN/m and an average droplet size when sprayed of from about 3  $\mu$ m to about 10  $\mu$ m.
3. – 5. (cancelled)
